Jack,

Thank you very much for the short call, sorry I had to run to another meeting.

I'll work on talking further with yourself and Dr. Merker to make sure I'm carrying forward the Tribe's concerns as best I can. In the meantime I'll add this to our file as well to document the state of support (or more accurately lack thereof) by USACE.

Thank you & have a good weekend.

Hi Sean,

Thanks for talking with me today and the email asking about our involvement with Bradford Island. I have put Dr. Marissa Merker on the Cc: so she will be aware of our communications. She is our current delegate to the TAG. I have attached the Release of Claim form the Tribe signed at ACOE's request and the letter the Tribe sent to Colonel Dorf in response to the ROC. I will forward you the few emails I exchanged with Patrick Collins, ACOE Contracting Officer, in regards to the ROC form. Marissa is knowledgeable on the status of the work currently going on at Bradford Island if you have technical questions. I appreciate your contacting me and look

forward to your insight on how the Tribe can improve our participation with this site. Below is my contact information.

Thanks again,

Jack

Subject: Bradford Island (sf)

Hello Jack,

Courtney Johnson indicated you were the Tribe's point of contact for Bradford Island. I was wondering to what extent the Nez Perce would like to be involved going forward day to day, and if you wanted an update from Ken on how the listing process was going? I also wanted to hear from you what the Tribe's take is on how the site work is going.

Thank you.
